

JKL's REACH STATEMENT

This statement is intended to communicate the classification of JKL products under the European Union's Regulation 1907/2006, REACH Directive that came into force June 1, 2007 with the latest list having been published 10 June 2022, currently having 224 Substances of Very High Concern.

The list of Substances of Very High Concern (SVHC) can be found on the ECHA website:
<https://echa.europa.eu/candidate-list-table>

The lighting products and accessories supplied by JKL Components Corporation are considered "Articles" as defined by the REACH Directive. JKL has verified substances within our products and can confirm that the articles supplied do not contain (SVHC) Substance of Very High Concern in amounts that warrant notification. In summary, our products do not require registration under the Directive.

Although registration is not required, JKL is committed to continued compliance with the requirements of the REACH Directive.

Joe Velas
President
JKL Components Corporation
