## *Announcement*

### **2. Recommended replacements**

LF3D series LED lighting.

- For LF1D series (surface mount type): please recommend LF3D-S
- For LF2D series (recessed mount type): please recommend LF3D-F

Note: For replacement details, please refer to the replacement guide “20-SMBE-113”. Please be sure to confirm the specifications from our catalog before replacing LF1D/LF2D LED illumination units with LF3D.

### **3. Schedule**

Discontinue immediately, due to non-available parts and materials.

Products for maintenance will be available until 30 November 2028 (depending on our stock situation).
