### PCN-MI-6440-2021

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
MI - Marking and Installation	BG2	Product Change Notification	Notify Distributors and Field	1/2/2021

*The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.*

#### Description for Product Change Notification

To optimize the printing process, the US-EMP, US-EMLP, and US-EMSP marking materials in the sizes listed will no longer have cut out areas. This will prevent the material from bending during printing. The marking plates will be perforated in the future, which will change how the marking materials are separated. When separating, the materials are simply pulled apart instead of having to be folded.

#### Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	Yes

#### Transaction Dates

Date modification goes into effect from Germany:	7/1/2021
Expected first shipment (from Phoenix Contact) of the modified products(s):	7/1/2021
