Phoenix Contact's factory has announced the following product(s) is going to be discontinued. Existing specifications will be met or exceeded. Technical support of the discontinued product will continue, as required. Please review and acknowledge this document and take the appropriate action with respect to your existing inventory and ordering replacement parts.

Description for Product Discontinuation

In an effort to provide our customers with state of the art products for their applications, it is necessary to phase out some components over time for commercial or technical reasons. This correspondence is therefore notice of the discontinuation of the PLH 16 series terminal blocks. Alternative items to the PLH 16 series line are available in the LPT series. We have already established potential replacements to the PLH series as noted in this document. Additional potential replacements can be established upon request. The technical performance data of these alternatives is the same or better. The size and pin layout are different. The planned last buy date is January 31st, 2022. The planned last ship date is July 29th, 2022.
