Dear Valued Customer,

This letter serves as your formal notification that Belden is discontinuing the Hirschmann **RS 20/30 Unmanaged family**.

Since the SPIDER III family is able to offer a more cost-optimized solution we have decided to discontinue the RS Unmanaged devices. Belden has a limited stock of these switches that will last until final delivery date (March 31, 2021).

The already available SPIDER III family is the recommended replacement part for the RS Unmanaged switches, as it provides even more functions and solutions you gained from the switches being discontinued.
