

Issue Date: April 8th, 2020

Dear Valued Customer,

This notice is to inform you of changes affecting item(s) that you have purchased from Littelfuse.

Description of the Change:

- We had announced via LFPCN.C0286 the movement of final assembly of finished good 9011 to Indonesia. This will no longer be possible, and the product will be obsoleted immediately.
- The retail version of this switch, 9011-BX, will also be obsoleted.

Reason for The Change:

- Complications with the tooling and transfer process described previously have arisen that no longer make it financially viable to produce this part.

Effective Date of the Change:

- This is effective immediately.

What You Need to Do:

- Open orders will require fulfillment from the limited stock available. No future orders will be accepted.

If you have any questions, please feel free to contact your Littelfuse Customer Service Representative or your Inside Sales Representative. We appreciate your business and our continued partnership.

Sincerely,

Zachary Naughton
Global Product Manager
Littelfuse Commercial Vehicle Products
