EOL Notification for PSA065-240M-R Series

Dear Valued Customer,

Please be advised that the following model will be discontinued, effective January 1, 2019.

- PSA065-240M-R (65W 24V 2x4 Open Frame Power Supply for Medical Applications)

Due to the high cost of safety re-certification, we have decided to End-Of-Life these models.

Please note that we still have a small number of product in inventory, that can be sold on a first come, first serve basis.

Phihong will be providing a replacement product for this model, within the next 60 days.

For more information, please contact your local sales representative, or myself.

Thanks for your interest in Phihong.

Best Wishes,

Brittany Schreiber
