Beschreibung und Grund / description and reason:

Introduction of 2nd source supplier for PCBA assembly:

Due to good market success and for risk management reason VAC introduces a 2nd PCBA manufacturer for the electronic of its Benvac sensors. The additional manufacturer is long year supplier to Vacuumschmelze for the electronic of other products.

The PCBA specification will remain the same for both supplier.

Auswirkung auf das Produkt / den Kunden / die Kundenanwendung:

Effect on product / customer / customer application:

None, same form, fit and function;

No change in datasheet

Qualitätssicherungsmaßnahmen nach Produkt- / Prozessänderung:

Quality assurance measures after product-/process change:

- Release with first articles and electrical tests

- Product validation at sensors (validation plan attached)

Geplante Einführung / Umsetzung:

Scheduled date of introduction / implementation:

Planned Introduction: in 6-8 weeks / first shipment 2 weeks after production start

Identifizierung (z.B. Date Code):

Identification (e.g. date code):

Traceability of sensors is possible by date code.
