Product Description

This TC family 2 inch 4 ohm full-range driver, with NdFeB magnet, paper cone and rubber surround, and steel basket, is designed to be a cost-effective high performance full range driver. The cone utilizes Tymphany-patented PentaCut NRSC cone technology to help dampen and control cone resonances, optimizing the listening experience. The motor contains a copper cap to lower inductance and distortion. The product was designed for Pro column speaker and other high sensitivity full range applications.
