MODEL NUMBER: P024-010-15D

10 ft. extension cord with 5-15R and right-angle 5-15P connectors connects your server to a PDU, UPS, surge protector or wall outlet.

Features

Heavy-Duty Extension Cable for Network Devices That Require a Heavy-Gauge Connection This 10-ft. (3.05 m) extension cord features 14 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. It can be used to connect a computer, server or other device with a NEMA 5-15P plug to a PDU, UPS system, surge protector or wall outlet with a NEMA 5-15R outlet. The 10-ft. (3.05 m) length allows you great flexibility in placing equipment with respect to the power outlet.

Right-Angle Plug Makes Connecting in Tight Spaces Easier The space-saving right-angle NEMA 5-15P connector is easy to install in confined spaces, such as behind your computer desk or workstation. The right-angle construction also relieves strain on the cable and connector and prevents the cable from bending awkwardly.
