Re: PXD30-xxxx/P & PXD20-xxxx/P

To Whom it May Concern;

TDK-Lambda Americas has recently received shipments of the PXD20 & PXD30 series that have a "/P" suffix included in the part number on the product. This suffix is normally only used by our European division.

This letter is to state that PXD20 & PXD30 models with a /P suffix are electrically identical to units with no suffix.

We have taken the appropriate steps to take corrective action with the factory, and apologize for any inconvenience caused.

Sincerely,

A handwritten signature in black ink, appearing to read "DNorton", written over a light gray rectangular background.

David Norton
Vice President of Marketing
