**Subject: Notice of End of Life for 325541009-00 Product Family**

Dear Customer,

This letter serves as notification from Measurement Specialties, Inc. and its TE Connectivity Ltd. affiliates (TE Sensors) of its decision to end of life the 32553xxxx product families, which are more fully described on Table 1. TE Sensors has produced these products for 10 years. This decision allows TE Sensors to focus on our newer product lines. We recommend our customers consider switching to the following product families: MS58xx.

**While TE Sensors will accept ‘Last Time Buy’ (LTB) orders for the discontinued part numbers until December 31, 2021, we strongly encourage customers to place their orders as soon as possible as demand may increase lead times. No orders will be accepted after this date. LTB orders will be considered non-cancelable, and non-returnable. Lead times are subject to change. Terms and conditions, including warranty information, can be found at TE.com. TE Sensors’ data supports a shelf life of 5 years when stored in temperatures below 35C, or a shelf life of 3 years when stored in temperature below 40C.**

If you have any questions regarding switching to one of our newer product lines or this ‘End of Life’ or the ‘Last Time Buy’ process, please contact your TE Sensors account manager, or customer service

Best regards,  
Nick DePhillips  
Product Manager.

**Table 1. Discontinued Part Numbers**

TE Product Series	Description
325541009-00	MS5541-CM 14BA PRESSURE SENSOR WG TUBE
325541009-50	MS5541-CM 14BA PRESSURE SENSOR WG TUBE
