Product Change Notification

Type of Notification: Changing of Input Current on the Product Name Label

This is to advise you that the following products will have changes.

1. Product Being Changed (All part numbers that start with following)

FCA200F-□

2. Description of Change

The IEC/EN60950-1 approved that FCA200F models have will change to IEC/EN62368-1 soon. The definition will also change regarding input current. So the labeled input current on the product name label will be changed as shown in Fig 2.1.

This change does not impact the electronic, the mechanical specification or the performance.

(a)The definition of existing IEC/EN60950-1:

Maximum input current value when the rated input voltage (between 240Vac to 480Vac).

(b)The definition of new IEC/EN62368-1:

Maximum input current value when the specification of input voltage (between 187Vac to 528Vac).

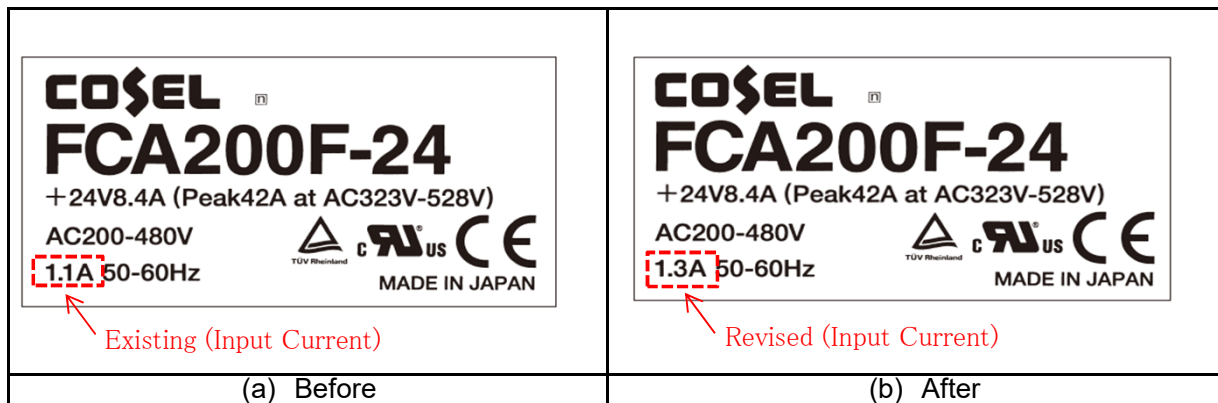

Figure 2.1 Comparison between Before and After Changes

3. PCN Effective Date

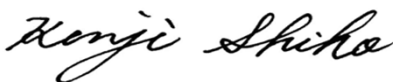

This is a running change, beginning the production month of August 2020. Please be advised that the schedule may change without prior notice due to stock availability.

4. Who to Contact at Cosel with Questions

Cosel sales representatives

Should there be any questions, please feel free to contact us.

Sincerely yours,

Kenji Shiho
