General Product Description:
DEUTSCH W3S and W3S-P012 Wedge Locks, DT Series

Description of Changes

Remove arrow from part.

W3S and W3S-P012 Wedge Locks

Reason for Changes:

Product Improvement. Dear Customer, in an effort to continuously improve our products, TE-ICT will be removing the arrow from the bottom of the hole in the wedge locks to facilitate molding. This product improvement will affect part form only and will not affect fit or function. Shipments of both revisions may be mixed. Product drawing is affected. IMPORTANT: This is a continual improvement so the current and previous revisions of these parts can be used interchangeably in the field. These changes are being phased in gradually and previous revision can remain stocked until use.
