Notification of discontinuation 2 items of Disc Type Capacitors with Lead (High Voltage Ceramic Capacitors)

Dear Sir

To our valuable customers,

TDK has decided to discontinue 2 items of Disc Type Capacitors with Lead (High Voltage Ceramic Capacitors) as below.

- a. CC45SL3JD020C****
- b. CC45SL3JD030C****

As for these 2 items, the demand and the number of sales are extremely low, and it is not possible to expect additional approval and increase in orders in the future.

Furthermore, although the target items used a custom made material, it could not be continued because the material to be discontinued.

For the above reasons, we have decided to promote the discontinuation of production.

TDK would like to ask you to transfer to another company or end the order by bulk ordering, and we ask for your cooperation in compiling the final quantity.

We apologize for the inconvenience, and thank you for your consideration..

Sincerely yours,

1.Product to be terminated: 2 items of Disc Type Capacitors with Lead (High Voltage Ceramic Capacitors) products.

Please see the attached list.
