Reason for Changes:

Product improvement. Dear Customer, we hereby inform you of this change. In an effort to continuously improve our product, TE-ICT will be using DT wedge locks to mate with DTXT housings. The toolings of DTXT wedge locks will be end of life then. While there is an impact to the DTXT PNs, the fit and function are not impacted. IMPORTANT: The DT and DTXT wedge locks can be used interchangeably in the field. Please find PNs with impacts and alternative products in table below.
