## 1. Purpose

C&K components, as design and manufacturing company for chip card connector, is constantly looking to improve the manufacturing means and processes in order to continue serving its customers with the highest performance level.

As part of this continuous improvement policy, C&K Components has engaged a program around CCM01 MK5 series. This program consists of improvements related to the part numbering and designation update for the CCM01-MK5 series.

## 2. Overview

This PCN is CCM01 MK5 series part numbering and designation modifications and it does not impact the dimension and the performances.

## 3. Impact of Change and Qualification

### 3.1 Impact of Change :

These evolutions do not change the performances of the connector and therefore, the contents of CCM specifications remain applicable.

### 3.2 Qualification:

No qualification is required.
