Product Change Notification: E-15-011013

PCN Date: 30-JUL-15

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**  
Components and connectors material change - Transition Period.

**Description of Changes**  
The drawings for the listed part numbers have been modified for clarification. Before. The material table shown only new material. After. The material table shown old and new material. There have been no changes to the existing parts, this is a revision increase only.

**Reason for Changes:**  
Manufacturing / Process Requirements. To ensure the quality level as well as the supply also in future we would like to inform with this PCN about introducing a new material (equivalent). The current raw-material will remain as backup solution in our system(s). Product- & Process validation with the new material has been performed already successfully TE internal. TE will introduce step by step the new material and the implementation and the transition is scheduled to be completed by January 31st 2016. For each part the first three deliveries will be marked with an additional label on the boxes stating the material change. If it is needed to review the planned scenario please contact your Sales/Marketing representative.
