

## Product Discontinuance Notice

May 5, 2021

Dear Valued Customer:

JADAK recognizes the importance of managing the product life cycle and keeping a continuous supply of products for many years. Unfortunately, in some cases products prove to be no longer viable in our portfolio, either as result of low volume or increased costs. JADAK has identified part number **CBLADP-1**(1 Ft. Adapter Cable, RSMA Male to RTNC Female) and **CBL-10022** (USB 3.0 Y cable) as such products. Consequently, we are forced to discontinue these products.

To minimize inconvenience to you we are accepting Last Time Buy of this part number. Please see the LTB date and final shipment date below.

Last Time Buy Date	June 15, 2021
Final Shipment Date	December 15, 2021

To place LTB orders or if you have any questions, please contact your JADAK Account Manager.

Thank you for your continued usage of JADAK products, and for your understanding and cooperation during this process. We look forward to continuing to serve your RFID product needs.

Sincerely,

*Chandra*
