

FEBRUARY 2021

New safety standard: PS5R-V and PS6R series switching power supplies

IDEC would like to inform you about the new safety standards for our PS5R-V and PS6R switching power supplies. Details are as follows:

1. Affected models:

PS5R-V and PS6R switching power supplies: All products
Part number starting with: PS5R-V and PS6R

2. Applicable standards:

Our PS5R-V and PS6R switching power supplies have been certified to the following two safety standards.

- EN62368-1: new safety standard replacing EN 60950-1 was withdrawn on December 20, 2020.
- EN62477-1: the successor standard of EN 50178 (safety standard for electric equipment for use in power installations). EN 50178 will be withdrawn December 20, 2020.

3. Schedule

Update of instruction sheets:

Printed instruction sheets shipped with the products have been updated. The latest version numbers are listed as below.

Series	English	Chinese	Germany	Japanese
