QUALITY

Management Summary

BL Bipolar Power become JV company called WeEn semiconductors with effect from early of Oct. We have previously issued a CIN on 7 Aug and this CIN is to cover the remaining Schottky Diodes type.

BL Bipolar become JV company called WeEn semiconductors (for Schottky Diodes)

Information Notification

BL Bipolar Power become NXP and JAC joint venture company called WeEn Semiconductors with effect from early of Q4. We have issued an updated CIN 201507027IU01 on 7 Aug to cover all R72 product profolio but excluded schottky diodes. Now this CIN is to cover all Schottky diodes. Both CINs should cover the whole R72 product profolio. Our current product quality, product datasheet, and its related technical document, test requirement, and NXP marking and label will remain unchanged. Only the sales ordering and invoicing process will change from "NXP" to WeEn".

Why do we issue this Information Notification

It is to inform all of our customers and to ensure that our product is remained the same quality and reliability standard.

Impact

no impact to the product's functionality anticipated.
