Within our continued efforts to optimize our product portfolio, we have launched new generation of modular system, HDC HMN series. HMN offers combination of different technologies within one connector: Power (current up to 200A / voltage up to 1000V), Signal, Stamped & Formed Dynamic contacts, Pneumatic, RJ45, D-Sub, USB and Quint. In addition to one-piece connector frame, enabling toolless assembly of the modular interface, HMN system offers also docking frame, enabling blind mating of the connectors in applications with limited direct visibility or access.
