

Product Change Notification

TE Connectivity

Product Change Notification: P-22-023137

PCN Date: 02-AUG-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Packaging quantity change on reel and reelbox

Description of Changes

This product change notification (PCN) is to inform about change in TE owned packaging. In order to assure standardized and uniform packaging for each basic product part number and to improve sustainability we will increase the quantity from 9.000 pcs to 10.000 pcs/reel and therefore from 36.000 pcs to 40.000 pcs/reelbox. Minimum order quantity (MOQ) will be changed from 36.000 pcs to 40.000 pcs (equal to the reelbox). Dimensions and material of reel and shipping box will stay the same. TE Change process follows a strict procedure, which fully maintains quality and ability to supply. Internal release process is ensured by TE. In first shipments after change introduction a mixed shipment might occur (reels with old and new quantities). Reels and boxes labeling will contain correct information. The change has no impact to form fit function. No PPAP will be submitted for this informational PCN.
