TE Connectivity

Product Change Notification: P-22-022531

PCN Date: 19-APR-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Smart Seal Terminal

Description of Changes

Return of stamping tool of smart seal terminal from current production location TE Montcada Spain to the previous production location TE Woert Germany, including extension of plating capacity from current plating location TE Dinkelsb hl Germany to an additional outside source in Germany.

Reason for Changes:

Dear Customer, we hereby inform you about a transfer of stamping process with additional extension of plating source, due to the business-related closure of production location TE Montcada Spain and to prevent future supply chain disruption related to plating capacity. The transfer/extension follows a strict procedure which fully maintains quality, ability to supply and form-fit-function of the concerned products. The manufacturing locations operate under a certified quality management system in accordance with standard automotive requirements. The affected product will have TE internal validation and release to initiate shipment to avoid any potential line stops at customer side. A PPAP Level 2 will be available. If you require such a PPAP, the request must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system.
