Background

Dear customer

SolidRun Ltd. is discontinuing production of devices CuBox-I rev 1.3 (i.MX6) and following the introduction of the CuBox-I rev 1.5, recommends to migrate to that platform, keeping the same form factor.

Because you have purchased one or more of SolidRun Ltd. products affected by the discontinuation during the past twenty-four (24) months, we would like to know if you have any continuing requirements for the existing product in the future.

In an attempt to satisfy any continuing requirements you may have, SolidRun Ltd. is offering a non-cancelable Last Time Buy for the product.

CuBox-i rev 1.3 Last Time Buy for models without wireless functions is August 1st, 2019

CuBox-i rev 1.3 Last Time Buy for models with wireless functions is December 30th, 2018

This notice is in accordance with SolidRun's PCN policy:

Description of Changes

Due to the discontinuation of the WiFi/BT SiP used for production the CuBox-i rev 1.3, we are introducing an updated Cubox-i, Rev 1.5 which features the TI WL1831MOD SiP. Please refer to [PCN# 20160901000](http://www.solid-run.com/PCN#_20160901000) for more information on the changes of the SOM (System on Module) which is being used for this product.

Transition

SolidRun recommends to customers to transition to the CuBox-i rev 1.5.

The online store is updated with the new part numbers and customers can order samples:
