1 Affected product versions

Product order code	Successor product family
LISA-U201-03S	LARA-R product family
LISA-U201-83S	LARA-R product family
LISA-U201-04B	LARA-R product family

All orders of the above listed products placed after the notification date are **non-cancellable** and **non-returnable (NCNR)**.

2 Reason for discontinuation

Due to the EOL of a critical component used in the LISA-U201 module variants, u-blox is forced to announce the end-of-life for the above listed product.

Our successor products offer better performance and more functionality.

3 Customer impact and recommended action

u-blox recommends migrating from the LISA-U201 to the LARA-R Cat1 series with 2G or 3G fallback. The footprints for the LARA modules have been developed to ensure layout compatibility. The LARA-R series comes with enhanced performance and additional features.

Please consult local FAE's for further support.

4 Schedule

Last-time-buy date	15-Apr-2022
Last shipping date	23-Dec-2022

NOTE: Please be aware that due to the EOL of the component and the current supply issues, u-blox can only accept a limited quantity of additional orders for LISA-U201 modules.

5 Contact

We thank you for your understanding and assure you our very best support. u-blox appreciates and values your continued business relationship and looks forward to your future interest in our outstanding product portfolio. Please contact your nearest u-blox sales team for any questions you may have.
