

## Linear Technology Corporation

1630 McCarthy Blvd. Milpitas, CA 95035-7417 Tel: (408) 432-1900 Fax: (408) 434-0507

October 13, 2015

Subject: Obsolescence of the LT5503

This letter is intended to notify you that Linear Technology Corporation is obsolescing the following part numbers:

LT5503EFE  
LT5503EFE#TR  
LT5503EFE#PBF  
LT5503EFE#TRPBF

The reason for this obsolescence is that we no longer have the test capability for this product due to obsolescence of essential production test equipment by its manufacturer.

We understand that this product obsolescence could potentially impact some part of your product offering. Therefore Linear Technology will be offering a Last Time Buy (LTB) in accordance with the schedule below:

LTB orders accepted starting:	October 15, 2015
Final orders accepted:	April 15, 2016
Final shipments:	October 15, 2016

We recognize the need for continued support and coordination between our companies during this transition and so, we have provided this six months order placement window, followed by an additional six-month window in which to receive shipment. If we can provide any additional design or technical assistance please feel free to contact a Linear Technology representative at [www.linear.com/contact](http://www.linear.com/contact) for details.

\* LTB orders are non-cancelable and non-returnable. Actual delivery dates will vary due to individual manufacturing and scheduling requirements.

Very truly yours,

James Wong  
Product Marketing Manager, High Frequency Products
