### Product Discontinuance Notification Details

#### Description of Discontinuance:

**The purpose of this Revision A is to modify the Lifetime Buy terms specifically for the RI-TRP-A9WK-05 and RI-TRP-V9WK-00 devices. The non-cancelable, non-refundable life time buy for these devices is for the limited remaining piece part inventory per the date show above. Once this inventory is exhausted, the life buy period will be closed. There is no change to the lifetime buy dates of this notification.**

Texas Instruments, Incorporated (TI) is announcing the discontinuance of selected RFID devices. A non-cancelable, non-refundable life time buy is being offered per the date shown above. Recommended replacements are being offered as shown in the Product Affected Section.

NOTE: There are no samples offered for withdrawn/obsolete products. For samples of any replacement products, please contact your local sales representative.

#### Reason for Withdrawal/Discontinuance:

Transponder assembly will be discontinued in TI-Malaysia because newer generation products are available.

The reason for the **limited Lifetime Buy** for the **RI-TRP-A9WK-05** and **RI-TRP-V9WK-00** devices is due to an EOL announcement from one of TI's piece part suppliers that has already expired.
