

PRODUCT CHANGE NOTIFICATION UPDATE

ISSUE DATE: February 9, 2017
NOTIFICATION: SYNPCN-2017-02-10
TITLE: SM220UF1, RF220UF1 update
EFFECTIVE DATE: Q3 2017
DEVICE(S): **SM220UF1, RF220UF1**

DESCRIPTION:

Synapse was excited to announced the launch of SNAP 3, the Things Platform for IoT during October of 2016. As a part of that effort Synapse updated their brand identity as they continue to provide a feature rich module family of Through Hole and Surface Mount RF Modules that come embedded with SNAP:*the* Things Platform. As part of this effort the **SM220UF1** and **RF220UF1** will now be shipped with new black solder mask. The form, fit, and function of the modules remains unchanged by the sleek new look.

REASON:

Update to the look of the SM220UF1 and RF220UF1 to match Synapse updated brand identity.

AFFECTED PRODUCTS:

Part Number	Effective Date
RF220UF1	Q3 2017
SM220UF1	Q3 2017
