## TE Connectivity

Product Change Notification: E-18-001304

PCN Date: 27-FEB-18

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**

Upgrade of hot air heating tools HL1910E and HL 2010E or installing Raychem heat shrink products.

**Description of Changes**

There has been an update to our range of tooling for installing Raychem-brand heat-shrinkable product. The HL1910E and HL2010E general purpose hot-air heating tools have been upgraded, and the replacement descriptions and part numbers are outlined below. The heating tools offer electronically controlled variable temperature settings, with an ergonomic design and easy to use temperature settings that allows convenient operation using one hand. The HL2020E also incorporates a residual heat indicator to indicate when the gun is still hot following use. We have also upgraded the reflectors for these heating tools. Please note that these reflectors still fit the previous model HL1910E and HL2010E. The reflector adaptor to convert the heating tools to use the PR series of reflectors is now part EH0598-000.
